

In The Name of God

## HISTORY

### The Packman

Company was established in February 1975. In that year it was also registered in Tehran's Registration Department. Packman's construction and services company was active in building construction and its services in the early years of its formation. In 1976 in cooperation with (Brown Boveri and Asseck companies) some power plant mega projects was set up by the company. The company started its official activity in the field of construction of High-Pressure Vessels such as Hot-Water Boilers , Steam Boilers , Pool Coil Tanks Softeners and Heat Exchangers from 1984. Packman Company was one of the first companies which supplied its customers with hot- water boilers which had the quality and standard mark. Packman has been exporting its products to countries such as Uzbekistan, United Arab Emirates and other countries in the region. It is one of the largest producers of hot-water and steam boilers in the Middle East.

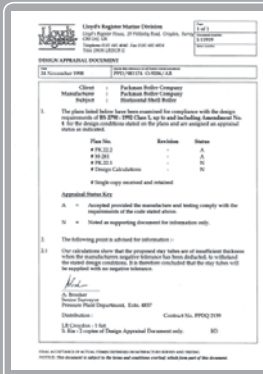

Packman Company has got's degree from the Budget and Planning Organization in construction and services in the membership of some important associations such as:

1. Construction Services Industry Association
2. Industry Association
3. Construction Companies' Syndicate
4. Technical Department of Tehran University's Graduates Association
5. Mechanical Engineering Association
6. Engineering Standard Association

### Packman Product:

- Steam boiler ( Fire tube )
- Hot water boiler ( Fire tube )
- Combination boiler
- Water pack boiler
- Steam boiler ( water tube )
- Hot water boiler (water tube)
- Boiler accessories
- Pressure vessel
- Water treatment equipment

# SOME OF CERTIFICATION ARE

Manufacturer of Boilers, Thermal Oil Heaters, Heat Exchangers, Pressure Vessels, Storage Tanks & Industrial Water Treatment Equipments ,...
